# ROCK RESURRECTION ART

Handmade Guitar Pick Jewelry & More

Rock Resurrection Art's wears are made from upcycled materials -- the sort of things found in your recycling or garbage bin. Such as: Tissue boxes, birthday cards, styrene, and plastic. Guitar pick pendants are also made from solo record sleeves, printed music memorabilia, vinyl records and CDs/DVDs.

RRA has a new spin on the old school way of creating resin jewelry. Owner and creator Becca Jones-Starr started making guitar pick jewelry in 2013.
